• MISSION

To prosper together with customers, shareholders, and employees, and to contribute to a prosperous society.

• OUR GOAL

Our goal is to provide high quality products and services that anticipate the user requirements of tomorrow.

• OUR OBJECTIVES

Our objectives are to assist clients with various implementations of their projects, and we have confidence in our ability to generate the consensus and commitments necessary to succeed. We are prepared to stand behind our recommendations and to assist our clients with obtaining appropriate approvals to proceed.

• MANAGEMENT POLICY

To take up the challenges of innovation and to respond to market needs as a diversified and multi- faceted trading company.

• BUSINESS DOMAINS

To extend centered operations to support services vital to consumers and industry.

• ACTION GUIDELINE

To deliver customer satisfaction with creativity, innovation, sincerity and gratitude, and to act in compliance with the law and ethics.

**We promise only
what we can deliver.
Then deliver more
than what we
promise.**

OUR SERVICES

Our range of diversified Information and communications technology and services form the foundation of the service levels and solutions which we offer to our customers which increase their efficiencies, enhance productivity and optimise costs.

These include:

• NETWORKING SOLUTIONS

At the heart of our network design is the promise to transform the economics and experience of networking for our customers. We deliver a high performance network infrastructure built on simplicity, security, openness, and scale. Our innovation empowers our customers, our partners, and ultimately everyone in a connected world.

- Routing and Switching
- Security
- Wireless
- Network Management
- Video Surveillance
- Call Centre Solutions
- Cloud Solutions / Outsourced Solutions
- Datacentre
- Unified Communication
- Physical Security
- Mobile solutions
- Collaboration

• VARIOUS COMPUTER HARDWARE & ACCESSORIES

We are an IT retail store that will go out of our way to understand your individual needs and assist you in the best way possible according to those needs. We supply IT equipment to End-Users, Private, Corporate, Educational and government.

We also offer a wide range of professional technical services from in store computer and laptop repairs, to onsite IT and network support. Our stock ranges from Notebooks to Computer Systems, Monitors, LED Screens, Printers, Graphics Cards, Networking Equipment, Cabling, Multimedia Peripherals and more

• ACCOUNTING SOFTWARE SOLUTIONS

A reliable accounting system is the most important part of any successful business, however, many businesses still utilise manual processes instead of the more convenient automated solutions. At Jp-Tech we provide an accounting solution that will take your business on a journey of infinite opportunity.

- Sage Pastel, Payroll and Sage ERP
- Syspro ERP(Manufacturing and Distribution)
- Software implementation and support
- Training
- Licencing

• SECURITY SYSTEMS

We provide converged security services integrating logical and physical network security with physical access control, surveillance and visitor management. We deliver optimally performing secure networks together with tools and resources to monitor and manage an entire ICT infrastructure – across physical, virtual and cloud environments.

- CCTV and monitoring
- IPICS (Interoperability and Collaboration System)
- Monitoring Rooms
- Command and Control Centres

• VARIOUS BUSINESS SOLUTIONS

We provide software solutions to medium and large sized corporations. Jp-Tech Solutions provides a holistic service through internally developing and tailoring business solutions to meet specific requirements, while also installing and providing service support for third party business solution products.

- System development.
- Implementation.
- Training.
- Anti-virus and content security.
- Operating Systems.

OUR PARTNERS

We believe that a strong network of like-minded partners is critical to achieve any professional goal.
